# Rules of The Free Show

## Introduction

The Rules of The Free Show are [tfsreadme.pdf](#) and [tfsreadmeII.pdf](#) and [tfsreadmeIII.pdf](#) and [tfsreadmeIV.pdf](#) which function as 4 InterActing scripts. The first two parts of this 3D Game, consisting primarily of Science Fiction, Fantasy and Humor is actually Apotheum Colluseum Game Rules and Apotheum Colluseum Novel. The plan is to develop it into a 3D MMORPG. The medium of The Free Show is ONLY Internet, though you CAN play it around a table with dice or the NO DICE Rules

SEE Apotheum Colluseum.

Age Recommendations are on my own two websites: <http://www.silverlingo.com> and <http://www.planesofexistence.eu>.

This written version is FREE. The retail version in the future is NOT FREE.

This document is [tfsreadme.pdf](#) and is protected by my copyright, registration and trademark. SEE the GPL Open Source Programming Licenses; Version: 4.4 Final; Last updated: 25072010; unpure, unstable, NOT clean, quarky and buggy... [(:-)].

"This is like Eminem and this is exactly like the Matrix."

GO TO (12) PRIMARY PURPOSE OF The Free Show FIRST.

"Human is so non-politically correct!" says Mr. Chirpy Bird.

WARNING: "DO NOT be Racist and/or Discriminatory!" says Silver, High Wizard.

WARNING: "DO NOT cause so much conflict, especially NOT on purpose." says Silber, Psionic Warlock.

WARNING: "The Rules and the Laws are here for our own Good, stop causing so much anarchy, chaos and shit on purpose all the time." says Mr. Newbie, Rules Lawyer.

WARNING: "DO NOT Invade my Privacy, or I will slash your throats out!" says Revlis,

Vampire Demon.

WARNING: "Stop swearing so much immediately!!" says Silver, High Wizard.

WARNING: "DO NOT Repeat anything too much!" says Mr. Newbie, Rules Lawyer

WARNING: "Keep your Volume down." says Revlis, Vampire Demon.

WARNING: "Admin freakin' out..." says Mr. Newbie, Rules Lawyer.

WARNING: "Admin editting..." says Revlis, Vampire Demon.

WARNING: "NO low-waving or high frequencies, you are breaking the laws of your Country." says Kyle, Leader of the Faster Brownies.

WARNING: "No screamin'!" says Kyle, Leader of the Faster Brownies.

WARNING: "Orange Alert! Orange Alert! Do Double Guards! Error! Error!" says My Computer.

WARNING: "DO NOT Harass the Administrator! I am just the somewhat Neutral Referee and/or Admin!" says me, god of The Free Show, Kyle Lance Proudfoot.

WARNING: "NOT everything is funny, really..." says Mr. Newbie, Rules Lawyer.

WARNING: "DO NOT Irritate me too much or you'll find out what happens..." says Kyle Lance Proudfoot.

pffffff

Well, it should take awhile to remember all of these jokes I've been broadcasting via My Free Show since 1997 when I began Silverlingo.com even though the proof for my +/-200 IQ Level on a logical/analytical test done at a Dutch Government building is now blown up, missing and/or non-existent, now... just kidding, it probably got deleted out of an old database. It is what was mandatory to take my NT MCSE course, which I passed with all 6 modules. Due to my own somewhat unstable emotional nature which in this whacky Noobie Chat Mode wireless chat environment, or is it genuinely also Telepathy and Telekinesis, so many Member's and/or Character Classes suffer from that Choice of career as a Network Engineer did NOT go so well... so I am now in 2010 a Web Developer, 3D Game Developer, Web Designer and/or Webmaster.

"Talking about a need for Universal Titles, Definitions and Rules and Laws. Well, onto the rest of the 21st Century and the future..." says Mr. Newbie, Rules Lawyer.

The first concept was begun in 1994 when I started writing Apotheum Colluseum. I started to play DnD when I was 12 years old with a Friend at school. Since then, I have played pretty much every sport, played every board game, played every 3D Game and seen 7000+ Films. Next to my education and work experience, I have full confidence in my ability to Succeed despite the purposeful breaking of Rules and Law's and I CAN honestly say, "I am CANadian, you CAN trust me 100%! Ha ha ha."

SEE websites: <http://www.silverlingo.com> and <http://www.planesofexistence.eu>. Other files CAN technically be included into The Free Show, like all the other multimedia files I have made. SEE also my two head works, thus my two books, one of which is published already: The Black Dungeon Doorway and it's sequel (or second part of a trilogy), Planes Of Existence, which I wrote, like other Author's in the past who I am inspired by, entirely with this System. I am also the Owner of the domain names, SEE curriculum vitae.

"This is actually a 2-way street!" says Kyle, Leader of the Faster Brownies.

AND NOW I AM 213+ IQ.

Joke: It must be the DNA Mutations thanks to solar flares; so, I'll just jerk off on my harddisk if it is waterproof...

Joke: And then the large morph-head of your baby pops up and loudly laughs, "Yes duddy, you're so funny!"

Joke: You take a look back in the room and decide it must be the coffee...

Joke: It's like the Covert Spy sitting waiting at the Paris terrace drinking 1 coffee after aNOther...

SEE tfsreadmeII.pdf, tfsreadmeIII.pdf, tfsreadmeIV.pdf, Apotheum Colluseum Game Rules, Apotheum Colluseum Novel, my websites, my multimedia files and my curriculum vitae. This definition and development is meant to be taken as an entirety.

"The Arabian Mystic's have NOT and never will be able to read the whole thing, memorize it, frontwards and backwards, translate it and cross-reference the whole thing." says Silver, High Wizard.

You may NOT translate and/or edit any of these files. You may NOT sell, copy and/or distribute any of these files illegally. You may NOT represent and/or associate with me and/or The Free Show in anyway.

You may ONLY Register, Logon and/or Play on Internet when there is a GUI on one of my two websites. You may, of course, Play with your Friend's ONLY in Private Home's.

The Free Show may NOT be broadcast or shown in any media. SEE Hollywood Film Law's.

If evidence and/or proof CAN be acquired as to such illegal Show's and/or Broadcast's, especially in the wireless medium or the media, then you will be prosecuted to the full extent of the Law of your Country.

"Do NOT talk to me, Do NOT talk about me, Do NOT associate with me!" says Silber, Psionic Warlock.

"Though, thanks to all Our FANatical's and all My FANatical's for making me a Celebrity with millions of Hit's on Internet." says Mr. Newbie, Rules Lawyer.

I, Kyle Lance Proudfoot, am NOT interested in TV and/or Radio. I have no intentions, no plans, no goals and no aspirations to be on any of your Media's. My only Medium will always be Internet.

The Free Show is ONLY a Guideline and is meant to be Read ONLY. It CAN NOT be Activated, as stated above, in any media and/or medium.

"Roleplaying through the wireless medium is like talking to your stupid blond liberacé biacé unending on your mobile." says Mr. Newbie, Rules Lawyer.

The Free Show has many Modules = Mods. The one each of you are suffering from at the moment is the Wireless Noobie Chat Mode Environment where you CAN all ONLY talk with each other, you may NOT use and/or Activate Visual Spying. This is plain and simple illegal, breaking into someone's Privacy and is one the primary tools of the Paparazzi. NO Rules of The Free Show are applicable in this Noobie Chat Mode and we primarily like to use some of the Power's like Noobie Setup and Freak Out Effect's with a good dosage of Humor, Battle and Warfare. Whatever, you do, DO NOT believe anyone you hear and/or see and/or read and especially DO NEVER give anyone money. They are mostly assholes impersonating someone.

"You have been Warned, now try to have more Funny, Fun and RnR." says Mr.

Newbie, Rules Lawyer

"No one heeded the Warning's back then, either." says Silber, Psionic Warlock.

Happy Volunteers, who will remain anonymous, helped contribute. Thank You.

## **PART 1 of The Free Show**

### **(1) god of The Free Show**

I, Kyle Lance Proudfoot, am god of The Free Show in my mind and in My Domain and anyone Logged into My Telepathy and/or The Free Show and/or My Domain who tries to do anything to me which is Negative get's an auto-response, "See nice try!", at which point their attempt automatically fails.

I am god in My Free Show = I am god in The Free Show.

I = me = god of The Free Show = Kyle Lance Proudfoot = Kyle Proudfoot = Silver, High Wizard = Silber, Psionic Warlock = Revlis, Vampire Demon = silveradmin@silverlingo.com = cklpcc@xs4all.nl = futurpsi@xs4all.nl = silvereditor@silverlingo.com = KLP = K.L.P. = any combination of these.

"This is NOT an f'in helpdesk!" says Mr. Newbie, Rules Lawyer.

"I Love to Battle and Warfare and Open Warfare, so go right ahead!" says Silber, Psionic Warlock

"BAF, BAF, BAF, BAF Brein!" says Silber, Psionic Warlock.

"You call us Violent and look at your whole Stupid Humanity!" says Revlis, Vampire Demon.

"If you call upon the evil then it will appear, on your own heads." says Silver, High Wizard.

I also have other hidden Nicks which will NOT be disclosed and do NOT = me, god of The Free Show, Kyle Lance Proudfoot.

## **(2) Insult's**

Insult's → Ban's Forever.

Insult's are NOT tolerated and you are automatically Banned Forever in 20 seconds. This is done with the Filter Guideline. SEE Part 4. You CAN also be Banned Forever for Insult's manually by the Administrator.

You automatically get the Written and/or Spoken Message, "Y.o.u. are Banned Forever for the Insult!" says me, an Administrator, or My Computer.

A Ban Forever CAN be indefinite. This depends on the Degree Of Severity. SEE Part 4. A Ban Forever is at a min of 24 hours. In the case of Celebrities, at a min of 12 hours is recommended.

You also get Fined in Tooney Euro's. SEE below Member Removal Definition's.

"Give it up, I CAN retort better than you, anyway." says Mr. Newbie, Rules Lawyer.

Joke: You know what you need to do, you need to look in a mirror, make a really big frown and angry face and try NOT to crack up.

"All Hyper S.O.B. Adult's get Banned!" says Mr. Newbie, Rules Lawyer.

Joke: With the weak Ban's these days, all you have to do is like log back on in 30 seconds.

"I can just as easily say that you are stupid fuckin' wankin' 40 IQ Mongol, you completely useless reject ignorant stupid Human." says Revlis, Vampire Demon.

## **(3) Impersonation's**

Impersonation's → Ban's.

Impersonating anyone is NOT tolerated and you are automatically Banned in 20 seconds. This is done with the Filter Guideline. SEE Part 4. You CAN also be Banned for Impersonation's manually by the Administrator.

You automatically get the Written and/or Spoken Message, "Y.o.u. are Banned for the Impersonation!" says me, an Administrator, or My Computer.

A Ban CAN be at a max of 2 Weeks. This depends on the Degree Of Severity. SEE Part 4. A Ban is at a min of 02 hours. In the case of Celebrities, at a min of 30 minutes is recommended.

You also get Fined in Tooney Euro's. SEE below Member Removal Definition's.

"Impersonation's are genuine Noobie behaviour." says Mr. Newbie, Rules Lawyer.

"Your obsessive, compulsive, pathological lying and impersonation's are starting to

severely piss me off!" says Silber, Psionic Warlock.

"Hewwo, I'm a wittle Noobie called Kyle and I want to wip my pussy. Good Rip!" says Revlis, Vampire Demon.

Joke: The best way to do Noobie Setup's is through Impersonation, you'd be surprized the shit they believe in the Rumor Media.

Joke: If you do enough Negative Impersonation of anyone then anyone will believe it at some point.

#### **(4) Minor Misdemeanour's**

Minor Misdemeanour's → Kick's.

The following Minor Misdemeanour's are NOT tolerated and you are automatically Kicked in 20 seconds. This is done with the Filter Guideline. SEE Part 4. You CAN also be Kicked manually by the Administrator.

You automatically get the Written and/or Spoken Message, "Y.o.u. Are Kicked for the Minor Misdemeanour!"

A Kick CAN be at a max of 12 hours. This depends on the Degree Of Severity. SEE Part 4. A Kick is at a min of 10 minutes. In the case of Celebrities, at a min of 05 minutes is recommended.

**(3.1)** Bugging me.

**(3.2)** NOT shutting the fuck up if asked to by an Administrator.

**(3.3)** Asking dumb and/or Stupid Questions repetitively.

**(3.4)** Saying Brand Names for Profit Organization's, Businesses and/or Corporation's. Note: This quickly rises in Degree Of Severity. DO NOT say illegal FREE advertisement. You CAN even get Permanent Terminated for this one.

**(3.5)** Telling something which I asked you NOT to during a Session of The Free Show; likewise, NOT passing on something I asked you to.

**(3.6)** Upping the Volume too loud on any Transmission. Note: This quickly rises in Degree Of Severity. I am not the only one with Hyperacusis. You CAN even get Banned Forever for this one.

**(3.7)** Using multiple Nick's at the same time in a Session of The Free Show. Due to the importance of Identity's on Internet these days The Free Show does NOT support multiple Nicknames and logons at the same time.

**(3.8)** Telling and/or Suggesting anyone logged in to The Free Show to DO or DO NOT do anything unless an Administrator who CAN tell anyone to do anything; this is, of course, within reason and CAN involve other Administrator's if the Member and/or Character Class Disobeys. This applies particularly to telling anyone to 'Shut up!'.

**(3.9)** The Free Show is Online 24 hours everyday 7 days a week, forever, ad infinitum. This, of course, does not mean I am always present, so once again watch out for Impersonation's.

**(3.10)** Making Rude and NOT funny Comment's about anything in The Free Show; if Insulting see Banned Forever. SEE Primary Purposes.

"So many Noobies think they're being funny when they're just 'playing stupid'." says

Silber, Psionic Warlock.

**(3.11)** Interfering and/or Interference, you whacked out Hacker, Spy Stalker and/or Saboteur with me, god of The Free Show, Kyle Lance Proudfoot and/or the Transmission of The Free Show and/or any Member and/or any Character Class gets you even criminally prosecuted by the Laws of your Country, like duh, ever heard of Cold War Technology?

"The act of Interference in a civilian area is an act of War. They must've forgotten that paragraph in your very own Military." says Silber, Psionic Warlock.

Joke: If we caused anymore Interference with DBA and Satellites and Microwaves then the entire Area would be blown sky high.

"I wonder how many other people, if not Celebrities, are suffering from Voice Disturbances..." says Mr. Newbie, Rules Lawyer.

**(3.12)** Interrupting and/or Cutting Off and/or Ripping Sentences of any Member and/or Character Class more than 2 times. Note: This quickly rises in Degree Of Severity. You CAN even get Terminated for this one.

"Irritate me enough and you will find out what happens!" says Mr. Newbie, Rules Lawyer.

**(3.13)** An Administrator CAN Kick anyone for any reason at any time. Note: This quickly rises in Degree Of Severity.

"There will be Order NOT Chaos. Without the Rules and Law's you are all just a bunch of chaotic anarchists." says Silver, High Wizard.

"What's funny about Democracy is two things: 1. The mysql database of 2008 does not have a single 'Democracy' in it. 2. The percentage of people who actually go and Vote once per 4 years is a very poor average." says Mr. Newbie, Rules Lawyer.

"It is very evident, with all the Teenage Behaviour on Internet, that you are just breaking all the Rules and Law's on purpose!" says Mr. Newbie, Rules Lawyer.

"Due to the weak, siffy, 'holy' laws of your Country they can just get away with all this shit..." says Silber, Psionic Warlock.

(5) Creator, Owner and Executive Administrator of The Free Show

I, Kyle Lance Proudfoot, god of The Free Show, am the Creator, Owner and Executive Administrator of The Free Show ad infinitum, my Death does NOT change this. My Computer's simply take over and someone else becomes Executive Administrator.

There will NEVER be an Announcer in The Free Show; there are ONLY participating Member's and/or Character Classes in Session's.

I, Kyle Lance Proudfoot, god of The Free show, CAN make Temporary Rules in a Session which I CAN Activate for a period of time in a Session. This is necessary due to the manual nature of Administrator's. Such a Temporary Rule CAN become a Fixed Rule with consent of the Administrator's.

To activate a Temporary Rule I CAN simply state the Activation in anyway, Telepathically, Verbal, Written and/or Visual with the word's, "...This is a Temporary Rule..."

Joke: There are some bad copies of The Free Show goin' around, eh, so like, you know, don't listen to them because, whisper, snicker, wink-wink, I don't know them, don't want to, and never will.

Joke: I'm tryin' to go out of my mind! Losin' my mind again...

"I am a Serial Worker." says Revlis, Vampire Demon.

Joke: Why? Why?? Because I didn't feel like gettin' up to turn my fridge on.

"Fuck the representative." says Silver, High Wizard.

"Kill the representative." says Revlis, Vampire Demon.

## **(6) Member Removal Definition's**

Action's and Activation's = Telepathic, Verbal, Written and/or Visual InterAction™.

EACH and EVERY Member Removal you get, by your own Action's and Activation's, is logged automatically by my Computer and is cumulative.

Cumulative is a Unique Element of The Free Show. For EACH and EVERY Member Removal you build up in a Session of The Free Show you get Removed and/or Pay the Fine at the End of the Session. SEE Guarantee of Tooney Euro expenditure in Part 4.

ANY Member Removal attempt still Fines the Member regardless of the Member's Immunity's. SEE Power's below and SEE General Immunity's in Part 3.

### **(A) Full Name**

A Member CAN get Removed on a Member's First Name and Middle Name and Last Name = Full Name Removal.

A Member CAN be Removed per Area ONLY. If you have multiple Character Classes DO NOT try to logon to an Area where you have been Removed already: Your logon will NOT Activate and you will get Removed again at a Higher Degree Of Severity with Kick, Ban, Ban Forever, Terminate and/or Permanent Terminate; only I, god of The Free Show, CAN Permanent Terminate a Member.

The Member Removal's apply to the IP of the Member's NIC and/or the IP of the modem at the ISP, with your Real Identity, therefore your IP and NOT ONLY your registered Nick's; so you CAN NOT change your Nick's and/or you Email's and/or restore an OS Image and log back on because your Voices and/or Sound Effect Samples and/or Visual Effects and/or Member and/or Character Classes and/or Internet/Online Connection's have Real Identity tags/header's/flags in the 3D Digital and/or Analog Transmission's.

So, as you can see, a Member Removal is NOT the same as a Character Class Removal. Character Classes are, obviously, just your Science Fiction/Fantasy Character Classes who go about in the 3D Environment adventuring, frolicking and doing Battle and Warfare to Win for the Forces of Good or Evil.

Try not to confuse the two.

"It's like they haven't even heard of Roleplaying and think it's all not unreal." says Silber, Psionic Warlock.

"I got you so hard goin' and freakin' you think it's all not unreal." says Revlis, Vampire Demon.

"What is actually the difference between not real and not unreal?" says Silver, High Wizard.

"They don't even know the difference between virtual and real, anymore..." says Mr. Newbie, Rules Lawyer.

Joke: Then a Noobie looks up 'Nick'.

"In fact, I have the whole thing memorized, it's all pre-programmed responses only..." says Silver, High Wizard.

"Yes, I CAN Terminate myself, but I have no suicidal tendencies whatsoever, so stop exxagerating, pffffff..." says MAZZSilber, Mutant Shadow Warrior.

REMEMBER: Eh! Noobie!! Check Area's with Member Removal's! Now! Pronto! Learn it faster, sic...

### **(B) Areas, Action's and Activation's**

The Member Removal's affect you, a Member, in the Area your Action's and Activation's are in.

The Character Class Removal's affect you, a Character Class, in the Area your Action's and Activation's are in.

Try not to confuse the two.

"Learn how to Roleplay you fuckin' Noob!" says Revlis, Vampire Demon.

EACH Kick, Ban, Ban Forever, Terminate, and/or Permanent Terminate must be Ordered and/or Activated to be binding; due to the fact I, god of The Free Show, Kyle Lance Proudfoot am the Creator/Owner/Executive Administrator of The Free Show EACH Order I state which is Written with a Real Signature is binding. Other Order's which are Telepathic, Verbal, Written and/or Visual are highly recommended. I DO NOT give Order's lightly.

"Though, now and then, I may be in a lightly intoxicated state of mind." says Revlis, Vampire Demon.

"Due to my somewhat unstable emotional nature, I might get a little hot-headed now and then, but really I'm Good at heart..." says Mr. Newbie, Rules Lawyer.

"Do not charge madly and feverishly into Battle." says Silber, Psionic Warlock.

"Due not charge madly and stupidly into your destiny." says Silver, High Wizard.

Joke: If we had to follow all the Verbal Command's of the Military then it would already be Armageddon.

You, a Higher Rank Member, function in a Gru. You are nothing without your Gru.

If a Member keeps whining about your Order just say you, a Higher Rank Member, Order it.

The lover Rank Member gets the Written and/or Spoken Message, "Obey or Die!" by a Higher Rank Member and/or Leader of a Gru.

If the Member and/or Character Class Chooses to Disobey your Command then it enters the next Degree Of Severity.

There is, of course, a difference between Battle Mode and Debate Mode. The Degree Of Severity would be higher if you Disobey an Order in Battle Mode.

Various Higher Ranking Member's and/or Character Classes in your Gru CAN be involved and Administrator's CAN be involved.

After all, did you Win or Lose the Battle and/or Debate? SEE Battle and/or Debate in all Parts.

(C) Member Removal Definition's:

ANY Member CAN be Removed according to the Rules of the fuckinreadme.pdf's and/or for ANY reason I, god, deem appropriate;

the Member's in my List's CAN be Removed if I, god, Kyle Lance Proudfoot type it in fuckinreadmeIII.pdf ONLY.

(a) Kick:

A Kick is a minor Misdemeanour and makes you logout automatically in 20 seconds. For the rest it does NOT do anything and you CAN login again by

typing your Full Name and Password in or just by simply saying "I log back on." in a Session of The Free Show.

It does however add it to your Member Profile' Record and make a log entry;

if you get Kicked more than 20 times in a Session of The Free Show then you are Banned automatically in 20 seconds.

You, a Member, are Fined €200000 for EACH Kick.

A General and up CAN Call a Vote to Kick a lover Rank Member.

A god or a goddess and up CAN Kick lover Rank Member's at a max of 4 per Session in The Free Show; if the lover Rank Member

logs back on for the 5th time in the same Session then you, a god or a goddess and up, CAN Ban the lover Rank Member by

Calling a Vote to Ban the lover Rank Member.

(b) Ban:

A Ban CAN be at a max of 2 Weeks. This depends on the Degree Of Severity. SEE Part 4. A Ban is at a min of 02 hours. In the case of Celebrities, at a min of 30 minutes is recommended.

This means you have committed a Major Misdemeanour. You CAN no longer logon for at least 2 weeks and you must choose a new Nick!!

A Ban is added it to your Record and makes a log entry.

"Then don't get Banned, stupid!" says Revlis, Vampire Demon.

You, a Member, are Fined €2000000 for EACH Ban.

You, a god or a goddess and up, CAN Call a Vote to Ban a lower Rank Member.

(c) Ban Forever:

A Ban Forever CAN be indefinite. This depends on the Degree Of Severity. SEE Part 4. A Ban Forever is at a min of 24 hours. In the case of Celebrities, at a min of 12 hours is recommended.

EVERY bit of data that represents you in The Free Show is automatically locked in 20 seconds.

You will NEVER be able to log on to The Free Show again unless you buy a new computer sucker!

You, a Member, are Fined €10000000 for EACH Ban Forever.

"Like wow, I've seen some screwed up things but this really takes the cake!" says Sir 'Hubby Bubby' Vortigern Maeve II, Spy Assassin.

"Now, that's just funny!" says Silber, Psionic Warlock.

\*See (28) Privileges\*

"Uhhh, Mr. Newbie here, just woke up, what did I miss?" says Mr. Newbie, Rules Lawyer.

"How could you even know all of such things in the first instance... I can just as easily argue I am talking to myself in my Home, roleplaying and practicing for my KLP Vid Humor" says Kyle Lance Proudfoot, god of The Free Show.

(d) Demotion's:

Getting Demoted CAN ONLY be done by me, god, Kyle Lance Proudfoot and in addition to how much it costs you now

to Buy Rank you are Fined 20000000 Tooney Euro's.

It is an automatic Demotion of a Member for trying to rip ANY Member's Password in a Session of The Free Show and

a Tooney Euro Fine of 60000000 Tooney Euro's: So don't repeat a series of letters and/or numbers when

a Member tries to logon/logoff or Change Password; it's this f'in obvious and illegal asshole!

Go To my Insect Jail at a min of 24 Hours. Cease and Persist; if you continue in your petulant behaviour in this case

then a Higher Rank Member will Ban or Terminate you: Terminated Member = NOT a Member = Member in Dead Mode = Hacker.

"I think I got it, this time, except, of course, if it's off on some 246.35 to the n degree tangent, again,

(e) Member's are turned into Noobie's for good reasons and a Member is a Noobie at a min of 2 Weeks or

'till I, god, Kyle Lance Proudfoot decide to Call Noobie Cycle.

A Noobie, in addition to the 2 Week Member Removal in an Area is Fined 500000 Tooney Euro's EACH 2 Days;

if this Deficit's you, it's really your problem ya f'in Noobie! In this case a Member had to be turned into a Noobie by

a specific Noobie Member Removal Rule in EACH and/or ALL the fuckinreadme.pdf's.

"Die Noobie slaves, die! Wahahahaha..." says Revlis, Vampire Demon.

"So beg some other Member for Tooney Euro's already instead of being a whining p.i.t.a Noobie..." says Silver, High Wizard.

A Member CAN ONLY become a Noobie when a god or a goddess or up says "Y.o.u. are a Noobie n.o.w." and Order's it.

(f) Get Kicked Once ONLY For It is border-line & interesting and you, a Member, CANNOT be Kicked for the rest of

the time-length of the Session.

(g) Get Kicked 5 times for a multiple Rule's violation in 1 statement. "Good Rip!"

CLAUSE: ANY activation's you, a Member, do which is illegal according to the Rules of The Free Show and/or

is illegal according to the Laws of a Country, for unfair advantage, gets you Kicked automatically and is consecutive.

(7) Member's and Rank's:

A Member of The Free Show is ANY -40ML Rank Member to +40ML Rank Member who InterActs in a Session of The Free Show.

Gru = Group Of Members.

Rank Progression is at a max of +1 Rank per Day and Session and a Member needs to get +50 Brownie Points at the beginning of EACH +1 Rank

to get Promoted to the next higher Rank.

If you get Promoted +1 Rank you have +0 Brownie Points at the beginning of EACH +1 Rank, regardless of how many Brownie Points

you got to get Promoted +1 Rank.

Rank's in The Free Show determine your level of authority in relation to other Member's.

Rank's are the most important Element in The Free Show.

The following Rank's are the complete list of The Free Show:

(A) +0ML Noobie: You CAN become a Noobie in many ways in The Free Show mostly by getting Demoted and

the various Noobie Rules in fuckinreadme.pdf & fuckinreadmell.pdf and fuckinreadmell.pdf .

Cyclically, ALL the wankers who I made Noobies become there previous Rank at a min of 2 Weeks or

when I, god, Kyle Lance Proudfoot choose to. I, god, Kyle Lance Proudfoot and my Computer CAN do this to ANY Member ONLY.

(B) +1ML Private: When you enter The Free Show for the first time you are a Private, automatically.

This is a good point to enter Silent-Mode.

(C) +2ML Private 1st-Class: When you earn your first +50 Brownie Points you are a Private.

This is a good point Chat with Voice's.

(D) +3ML Sergeant:

This is a good point to Start Betting.

(E) +4ML Kolonel:

This is a good point to Start Saving your Tooney Euro's.

(F) +5ML Kolonel-Major:

This is a good point Chat with Sound Effect Sample's.

(G) +6ML Luitenant:

This is a good point to Chat with Visual Effect's.

(H) +7ML Captain:

When Friends & Family of me, god, enter The Free Show for the first time they are automatically Captain's.

When Celebrities enter The Free Show for the first time they are automatically Captain's, except Celebrity's in my List's.

This is a good level to Chat with a combination of Voice's, Sound Effect Sample's and/or Visual Effect's.

(I) +8ML Major:

A Major is an @Member and will get the respect of one too!

This is a good level to Battle with Voice's.

(J) +9ML General-Major:

This is a good level to Battle with Sound Effect Sample's.

(K) +10ML General:

This is a very respectable & responsible Rank to keep and you CAN get in my List's with Immunities if ONLY I, god, Kyle Lance Proudfoot want you to.

A General Rank of your Character Class does NOT per se get you in my List's with Immunities; this is what is called Small General's and Big General's.

This is a good level to Battle with Visual Effect's.

(L) +11ML 2-Star General:

This is a good level to Battle with a combination of Voice's, Sound Effect Sample's and/or Visual Effect's.

(M) +12ML 3-Star General:

This is a good level to figure out how to get in my List's.

(X) NXML GOD:

This does exist however is for real the omnipotent and omniscient being aka The Creator as recognized by EVERY Faith on Planet Earth,

however The Free Show recognizes both the singular and/or multiple potential of The Creator, too.

"... it is going to be a mad game." says Silver, High Wizard.

"RIP! Glug, slash, rip, roar, bite, baf, slice, poke, poke, RIP!!" says Revlis, Vampire Demon.

Clause: You CAN get Brownie Point's from (7) (AA) to (7) (^) at a max of +20 Brownie Point's per Week.

(BB) Brownie Points and Rank's Progression:

(CC) Brownie Points Prospects:

Only me, god, Kyle Lance Proudfoot and my Computer CAN give out Brownie Points.

As according to (7)(AA) a Major and/or a Celebrity and up CAN give out Brownie Points too.

(DD) Demotion:

When a Major or up orders a lower Rank on a Mission and you disobey and/or do NOT succeed at the Mission or/and

severely SCREW UP a Mission then the most important Rule of The Free Show, "Obey or Die!" is applicable and you either get Demoted or do NOT.

joke: Here comes the Vote function nicely in.

Simple: If 4 Majors and up say yes and/or I do then you are demoted by 1 Rank. Only Celebrities CAN affect other Celebrities in this instance.

You CAN NEVER get Demoted >1 Rank or <1 rank per Day and Session of The Free Show.

"NOT even I would do you like that..." says Revlis, Vampire Demon.

joke: Personally, I'm turning buttcheeks by now...

(EE) god's Privilege:

I, god, Kyle Lance Proudfoot CAN give out Brownie Points at any time for any reason in ANY Session of The Free Show;

I CAN give out Rank's at a max of +1 Rank or -1 Rank per Day at per per progressive & retroactive;

I CAN give out Tooney Euro's in ANY quantity to ANY Member's at ANY time for ANY reason.

REMEMBER: me and my Computer have an effective infinite quantity of Tooney Euro's.

(FF) Starting Rank:

When you first join The Free Show all objects and values for you are at Starting Values and your Rank is Private,

except for Friends & Family and/or Celebrities!

Friends & Family and/or Celebrities Starting Rank is Captain.

(GG) Computer Definition's:

Computer = SilverServers.

my Computer = my SilverServers = [www.silverlingo.com](http://www.silverlingo.com) = [silverlingo.com](http://silverlingo.com) = [fuckinreadme.pdf's](#).

(HH) Immortal Plane's:

Immortal Plane's = Plane's = Dimension's = Q-Plane's = QP.

Immortal Plane's is the third Virtual thing in The Free Show being deNoted with a + and/or null sign and/or - sign

being +/-X% Good, +/-X% Neutral and/or +/-X% Evil.

Plane's are from -50 QP to +50 QP, where -50 QP is 100% Evil and 0 QP is 100% Neutral and +50 QP is 100% Evil.

your +/-X% QP = your +/-X% Alignment.

Immortal Plane's are activated for your Character Class when a Character Class of yours gets to Immortal Rank by winning at The Free Show.

(II) Immortal Rank:

Immortal Rank = IR.

Immortal Rank is winning at The Free Show! Woohoo!! SUPER CONGRATULATIONS!!!

You CAN win at The Free Show at a max of 20 times per Character Class.

To get a Higher Immortal Rank increases in difficulty exponentially; you CAN ONLY get +1 IR by winning in the same 2-Month Cycle, starting 01012005.

Winning at The Free Show gets you Immortal Rank and 2000000000 Tooney Euro's and No Ban Forever at Permanent.

Immortal Rank is 1 Plane above/below 5-Star General and is your +/-X% QP and does NOT equal god, me, Kyle Lance Proudfoot.

Winning twice at The Free Show in the same 2-Month Cycle starting 01012005 gets you Immortal Rank 2.

Immortal Rank 2 is 2 Plane's above/below 5-Star General and is your choice of +/-X% QP and does NOT equal god, me, Kyle Lance Proudfoot.

There are multiple ways to win at The Free Show.

Immortal Rank is the X-Final way to be Promoted in The Free Show.

\*See (18) Immortal Rank in fuckinreadmeIII.pdf\*

REMEMBER: Winning is the end-all in EVERY mad Game.

REMEMBER: Don't forget that I, Kyle Lance Proudfoot, am god in The Free Show, NOT TO MENTION MY OWN MIND!

(8) Obey or Die!!:

If you choose to Obey then you will most probably be rewarded by a higher Rank Member, in the future.

If you choose to Die!! then your noob-head will be bounced upon by me, Kyle Lance Proudfoot, god of The Free Show.

A Higher Rank Member will most likely choose to pounce on your Noobie wuss-head, too.

A good way to do this is to Repeat, "Nee, Noobie!" triggers on the disobedient Member's head till he/she/it goes away.

It is NOT likely that you will last too long if you don't thoroughly read both fuckinreadme.pdf and fuckinreadmeII.pdf and fuckinreadmeIII.pdf .

I congratulate any higher Rank Member who gratuitously blasts a disobedient lower Rank Member!

Also NOT appreciated by me is hyper SOB Noobies at incoming without reading...

Nor do I have the time or will explain anything to dumbass Noobies.

"I am not the B one here." says Silver, High Wizard.

"I'm happy too, fly around & giggle in Endless Ages..." says Kyle.

"And now we're stuck in Endless Time and Endless Existence." says Silver, High Wizard.

I, Kyle Lance Proudfoot, god CAN NEVER be held responsible for the actions of irresponsible Noobies.

"Get it already! I reverse, recall, retract NOTHING. Reduction on the other hand..." says Silver, High Wizard.

joke: Do you Order it? Do you Order it? Herc!! Herc!! Boing, boing, boing, splat.

"It's too easy to set 'em up!" says Mr. Newbie, Rules Lawyer.

"I CAN smell the Noobies comin' from a mile away!" says Revlis, Vampire Demon.

"I want to live! I want to love! I want laugh!" says Mr. Newbie, Rules Lawyer.

"I want to lie..." says Revlis, Vampire Demon.

"Don't explain anything to Noobies..." says Silber, Psionic Warlock.

"The rest is martial arts!" says a Faster Brownie.

REMEMBER: Hyper SOB Noobies is what Member Removal's are for.

\*See (21) Privilege's (D) Member Removal's and (E) Terminate Member and/or Session.\*

Ironically enough, ahhh, Noobies in The Free Show are automatically Allies. This way we CAN have more fun,

though strangely enough there is no collective, however there will always be a we...

REMEMBER: You enter The Free Show as a Private.

Noobie Forever is a Temporary Punishment ONLY, which I, god, consider very useful and ONLY I, god, CAN reduce a Member to Noobie.

"Suffering is optional..." says old proverb.

(9) Rumor's:

"Everything about me is a Rumor..." says Silver, High Wizard.

Rumors are entirely supported and any Rumor no matter how under-the-belt is allowed.

To avoid conflict with other offences a Rumor must begin with, "I heard..."

Only I, god, Kyle Lance Proudfoot CAN try to squelch a Rumor in The Free Show and/or a Celebrity CAN try to squelch a Rumor.

"DE MAZZZZZZZZZZZZELLLLLLLLLLLLLL..." says MAZZSilber, Mutant Shadow Warrior.

"La la la, la la la... A mine here, a mine there... and here aNOther." says MAZZSilber, Mutant Shadow Warrior.

joke: Tic Tic tic BOOOOOOM!!!!

Everything about me is a Rumor!! I make up in The Free Show Rumors about myself. Other Members CAN also make up Rumors about me.

Obviously The Free Show supports in-fighting so if any Member wants to start on the risky venture of Rumor making, my blessings.

You get +8 Brownie Points by pressing the Send Rumor button, filling the form in and sending it to my Computer. When I read it and it has

become in real life or in The Free Show a Rumor then you get +8 Brownie Points. Also, if it is evident that a Rumor has been made and the Member

reveals him or herself then I will also give +8 Brownie Points to him or her.

A Rumor CAN NOT be > 15 Days or Session's old, which is a limit at a min whichever is shorter, to get the Brownie Points,

but you CAN still say it of course within acceptable Repeat limit's; ONLY I, god, Kyle Lance Proudfoot CAN give Brownie Points for

Rumor's about me; other Rumor's about other Member's at near-infinite already, obviously don't get you Brownie Points.

Clause: The forms that need to be filled in and sent to my Computer CAN also be done in real time in a Session of The Free Show by

simply stating ANY 1 of the form items to me -I AM TELEPATHIC- and I respond to you, just like chatting.

Repeat Clause: The Forms that need to be filled in and sent to my Computer CAN also be

done in real time in a Session of The Free Show by

simply stating any 1 of the form items to me -I AM TELEPATHIC- and I respond to you, just like chatting; my Computer Telepathically reads

my response to you and activates the function you asked for. It is, of course, possible to activate functions in many ways just by saying your

activation request too.

(10) Getting Lucky:

These are random events my Computer triggers and are all positive.

Simple: You just get 1 positive function in fuckinreadme.pdf or fuckinreadmell.pdf or fuckinreadmelll.pdf activated Temporarily for 40 minutes,

except (10) Getting Lucky and you CAN NEVER get god Rank or up activated. [(:-)]

joke: Irritate me, but NOT too much, to stimulate creative tension, co-ordinate who gets their turn or NOT so as to reduce overlaid

hyper discussion if you like ever blow my bandwidth away at 20000000 logged on, resolve Member Conflicts, make recommendations for the next course of action in The Free Show.

(11) TERMINATION:

(A) This mostly refers to the CAnCelling of a period of time of The Free Show by me only.

This is ONLY Temporary and is NEVER longer than 48 hours, except, of course, if ONLY an Alert forces this to be >48 Hours.

Clause: When I die in real life my Computer takes control of ALL function's of fuckinreadme.pdf and fuckinreadmell.pdf .

(B) I CAN Terminate a Member too.

No Member's CAN EVER Terminate a Celebrity.

joke: For the rest it means you pissed a machine off.

REMEMBER: I CAN ONLY Remove a General or a god or a goddess in my List's by typing it in fuckinreadmelll.pdf .

(12) Purpose of The Free Show:

(A) Primary Purpose: HUMOUR.

The primary purpose of The Free Show is to provide a telepathic-like, chat-like, game environment consisting primarily of HUMOUR.

joke: Other things CAN happen like that checkmark...

"It's Aliens blastin' Noobies alright, sir!" says Silber, Psionic Warlock.

"It's NOT a game, it's a mad game...!" says Silver, High Wizard.

(B) Secondary Purpose: FUN.

The secondary purpose of The Free Show is to have fun.

ANY Country presently in a state of War is automatically Terminated from The Free Show.

ANY potential Member in EVERY Country presently in a state of War is automatically Terminated.

A Member who states, "It is NOT legal!" and/or "The Free Show is NOT legal." and/or variations of either of these idiotic Noobie statements becomes a Noobie automatically.

"HUMAAAN, LEARN HOW TO HAVE MORE FUN." says Roary, Fire Dragon.

(13) Call Topic of Discussion's:

This CAN be chosen by me or Called by Ranks Major or up. A Celebrity CAN also Call Topic.

The kind of Topics CAN be anything as long as it does NOT Conflict with aNOther Rule in this fuckinreadme.pdf and/or fuckinreadmell.pdf .

If 4+ Members agree within 40 seconds then the Call Topic succeeds.

If the Call Topic does NOT succeed then the Call Topic CAN be Repeated at a max of twice per Session.

If the Call Topic does NOT succeed at 12 Repeat's then the Topic defaults back to lkg Topic.

LKG = lkg = Last Known Good = last known good.

(14) Call Theme's:

Me and/or Majors and up and/or Celebrities CAN agree upon a tone for a Session or an amount of time.

This means +/- friendly, or +/- stupid, or +/-factual, or any other min/max your excessively screwed up mind CAN think of.

If 8+ Members agree within 80 seconds then the Call Theme succeeds.

If the Call does NOT succeed then the Call Theme CAN be repeated at a max of twice per Session.

If the Call Theme does NOT succeed at 12 Repeat's then the Theme defaults to LKG Theme.

Clause: Every response to activation's in the fuckinreadme.pdf's by my Computer which is questionable, doubtful and/or has no response

defaults to LKG response and/or state of activation.

(15) Mode's:

(A) Silent Mode: Where a Member sits and listens without transmitting ANY data, except a Ping Pong.

(B) Invisible Mode: Where a Member participates in the whacked out humour transmitting data, except shows no Member Data.

(C) Active Mode: Where a Member is fully transmitting data, participating in torrentious laughter and showing Member Data.

(D) Dead Mode: Where a Member got Kicked, Banned, Banned Forever, and/or Terminated.

Dead Mode = no logon = NOT logged on = log off = logged off.

joke: Buried at 5.9 Feet ??

(E) god Mode: Where I, Kyle Lance Proudfoot, god, use +20ML to +40ML Rank's for ONLY me.

god-Mode = god = god Mode = god-Modus = god Modus = (ALL TIME) god-Mode = ALL the time god-Mode = ALWAYS god-Mode.

\*See Mutant Value's in fuckinreadmell.pdf\*

(F) bot Mode: Where Character Classes of ANY Member are activated and become a bot.

This is Temporary or Permanent.

(G) non-Silent Mode: Where a Character Class of ANY Member exit's Silent Mode.

(H) Coma Mode: Mr. Newbie is in Coma Mode which is where the Special Character Classes go when

they're NOT needed...

(I) Half-Coma Mode: Due to Mr. Newbie's insistence & persistence he aptly perceived such is the actual conscious state of ANY Human and

considered himself unduly charged & accused of being plain stupid.

"It's a regular Planet of the fin Apes out here, alright!" says Silber, Psionic Warlock.

"With all the people talking with each other here, even out loud, acting like ignorant Noobies who just showed up in the last 2 days, it's like a regular fuckin' getto..." says Kyle Lance Proudfoot, god of The Free Show.

Clause: Me, Kyle Proudfoot, I, god choose whatever Mode I want at any time for my bots and have better security than ANY other Member.

Members CAN of course choose their Mode too, however I have the right to for ANY reason to do ANY action I want to, to ANY Member,

without ANY consequences, at ANY time.

(16) Swearword's:

These are fully supported in ALL languages and CAN freely be spoken ASSHOLE!!

"What was it with all the FU's?" says Mr. Newbie, Rules Lawyer.

I would really like to hear more creative swearword usage. There are so many creative swearword combinations!

"Ya really, you lamo good-for-NOTHing sNOTnose slime sucking zit-poppingwet-assed 4-eyed pollutant." says Tweaky Tree.

(17) Grey Area's:

joke: I saw it in a ... "See the problem?"

joke: I thought I should stick, 'If you maybe don't if I maybe do then it just might.' in my Computer...

Anything too complicated to resolve by the actually quite stupifyin Computer, even though the program must look very strangely at Stupid human skin,

will be decided by me only. If necessary I will add new Rules at any time for any reason,

except where (ALL TIME) is deNoted.

Responses ALL grey, dubious, uncertain and/or where no responses will default to lkg response and/or LKG state of activation.

(18) The Rules and the Laws:

There is a fine line between reality and unreality, and thus NOT genius & insanity.

The Free Show InterActs TM between the two freely and continuously.

Saying "Sorry!" is USELESS in my Free Show.

"Too late idiot!" says Silber, Psionic Warlock.

However, the one Rule CANNOT break a law of the other Rule. Criminals are SCHMUCKS who will be promptly and swiftly

dealt with by my near-infinite Police Force and is Secret in my Free Show.

joke: May the farce be with you...  
And the farts to keep you company...

On the other hand, RIPPING is fully supported by The Free Show!!

RIPPING = 'ripping' = Ripping = rIpPiNg = RiPpInG = rippin = ripping = rippin' = rippety = rippola = ripem = rippen = rip'n and does NOT equal

rip = RIP = Rip = rIp = 'rip'.

"Like who takes 1912 seriously???" says Kyle.

"So, if you want to BLOW, do it!!" says Silver, High Wizard.

"Screw the hypocrisy of the patriarchal hierarchy." says Lance, IT Programmer.

joke: Alright! No, I'm all left.

Yes, it is FREE in The Free Show until I see a 2 followed by 6 zero's in real euros on paper in front of my nose at which point I join my boyband.

joke: Lottery inside.

Yes, I do have plenty of other Multimedia files which I will sell when I have the right to in The Netherlands, Europe.

These other Multimedia files are NEVER in The Free Show, except if ONLY I, Kyle Lance Proudfoot, Bust one up!

Yes, I have VERY MANY other Multimedia files which I made, including more jokes.

joke: I guess I'll just wait till I'm 65 years old to start my own business...

In the mean time, my FREE website [www.silverlingo.com](http://www.silverlingo.com) is excellent too; linked to my main website is <http://www.xs4all.nl/~cklpcc/FutureSite.htm> .

"Maybe I should play one of those RPG's to relax or somethin..." says Mr. Newbie, Rules Lawyer.

"If I play enough FPS'ers and all my entertainment in Films is killing everyone for points then what kind of mentality do you think it puts you in." says Silver, High Wizard.

"The only thing kids and young teenagers are doing these days is multimedia, films and games, they don't even read anymore, let alone learn IT or Science." says Lance, IT Programmer.

"Philosophy and Religion is still not even at High School's..." says Kulamanji.

(19) The Free Show Definition's:

The Free Show = My Free Show = Free Show = my Free Show = The Free Show = The Free Show = MY FREE SHOW.

The Free Show is 24 hours every day and 7 days every week for (ALL TIME) active.

joke: It's a w.i.p.

Kyle Lance Proudfoot = me = I = god = Silber = Silver = Revlis = Kyle Proudfoot = MAZZSilber = silveradmin@silverlingo.com = cklpcc@xs4all.nl =

futurpsi@xs4all.nl = silvereditor@silverlingo.com = K.L.P. = helpdesk@silverlingo.com = reg@silverlingo.com = any combination of these 14.

(20) Order's & Command's & Mission's:

joke: How screwed up CAN it get?

(A) Kill Mission:

No Member, except me, god, Kyle Lance Proudfoot CAN send any Member on Kill Mission's in real life.

A Kill Mission is NOT murder someone for real in real life in real time which is illegal and gets you locked up

for the quantity of time of the remainder of your life after you commit such a hideous crime.

A Kill Mission is a real very irritating action I Order on ANY Member for purposes of my own done by ANY other Member 'n then

listen in, cracking up laughing, how they do themselves!

"Why would I dirty my hands with the poor blood of supposed innocent mortal's?" says Silber, Psionic Warlock.

"I won't even scratch a single finger nail killing y.o.u...." says Revlis, Vampire Demon.

(B) NOThing Is Reversed, Get It Already!:

No Command, sadistic programmer = hacker, I give CAN EVER be reversed by me or ANY other Member.

"Then you should NOT fuck with me! WAHAHAHAAAu\_\_" says Roary, Fire Dragon.

(C) min Rank:

ONLY Majors or up CAN send a lover Rank on a Mission which are real and Virtual.

ONLY Captain's or up CAN give Order's to lover Rank's.

Clause: Lower Rank = lover Rank.

(D) Order & Command & Mission:

(a) Order:

Order = Command.

Textual, Verbal, Telepathic, Visual Order's CAN ONLY be done from your originating Computer and

have ONLY binding Ordered executorial quality via your originating Computer; my Computer simply reads

the unique ID of your Member Profile in combination with your IP Address.

(b) Command:

Command = Order.

You tell a lover Rank Member to do something if you are Captain or up, like shut the f' up already!

If a Member disobeys, you CAN Kick, Ban, Ban Forever him or her, except me, god, I, Kyle Proudfoot.

(c) Mission: A Mission is a real life assignment. The recipient except me, I, Kyle Proudfoot, god

must go on the Mission Ordered unless I and/or a 4-Star General deem the Missionas inappropriate and ridiculous.

"The Free Show is now circular, too!" says Chirpy Bird.

(D) Mission Progression:

If a Mission is successfully completed and we at 4-Star General and up laugh our pants off then the recipient is given:

(a) +5 Brownie Points for a Minor Mission

(b) +10 Brownie Points for a Major Mission

- (c) +20 Brownie Points for a Terminal Mission
- (d) +40 Brownie Points for Kill Mission
- (e) Full Promotion +1 Rank for a Brilliant Mission

REMEMBER: Tja, regardless of how many Brownie Points you gain in a Day or Session, if you go up +1 Rank you have +0 Brownie Points

at the beginning of EACH +1 Rank.

This means at a max of +1 Rank per Day or Session you have to get +50 Brownie Points at the beginning of EACH +1 Rank.

joke: Screw You! Be Happy! No, sorry I'm NOT gay.

joke: Yup, you have to use a terminal.

(E) Command & Mission Definition's:

(a) Minor Mission:

This is something easy of little signifiCANce, either positive or negative, like make the old lady laugh by wiping up her plastic bag...

(b) Major Mission:

This is something difficult of signifiCANce, either positive or negative, like make him smile and NOT feel lonely anymore.

(c) Terminal Mission: This is something impossible of great signifiCANce, either positive or negative, like get rid of the asshole roaring by

my front door, all the time in the wroing direction, by irritating the hell out of them and making them do themselves.

(d) Kill Mission:

This is something to assassinate a bot of some Member, either positive or negative, like if such an obnoxious spy/hacker shows up again

ripping my Computer Box and excessively Repeating shit all the time the do him where it most counts.

(e) Brilliant Mission: Well this depends on how hard we crack up laughing, like I haven't in about 2 decades, either positive or negative,

like it alot, I like it alot, I love it, I love it a lot, it's great, see ya, really, mucho gratias.

(f) Immortal Mission: This is where you CAN at the beginning of +19ML a god or a goddess Rank make a grab for the IR, ONLY positive,

with the consequences good or bad of such, and go up +2 Ranks and get 2000000000 Tooney Euro's in addition to the IR with success of your mission.

Immortal Mission = IM.

REMEMBER: The Free Show is primarily and about HUMOUR & FUN and secondarily about Betting and Battling!!

(F) If a Major or up considers that some lower Rank Member was put through hell because of some Order then

the Major or up will Ban the Member who ordered him or her.

"Now I get it! One must take one's shirt off for Woman in the amazon!" says Mr. Newbie, Rules Lawyer.

"Here in the Netherlands, we live in the 2<sup>nd</sup> Amazon..." says Mr. Newbie, Rules Lawyer.

"And now you're gonna blame me cause you're single too, right?" says Silber, Psionic Warlock.

joke: WOH! Slobber, slobber y.o.u. are pwetty hunny bunny...

"Actually, a quickie at the prostitute, doesn't feel much different than gambling at a slotmachine." says Kyle.

"It's more like my chances of getting AIDS is 50% with my past, habit's and being a prime target." says Kyle Lance Proudfoot, god of The Free Show.

"After 2 weeks into a relationship, you trust each other and don't use a condom anymore..." says Mr. Newbie, Rules Lawyer.

(21) Privilege's:

(A) Celebrity Status:

As stated before, a Celebrity who logs on automatically get the Rank Captain.

The Celebrity is a respected Member and any irritation of the Celebrity will give any other Member, except me and

Member's who have these Privilege's Permanent, the Temporary Privilege's to:

Kick Member, Call Topic of Discussion, Call Theme, Ban Member, Ban Member Forever, Terminate Member and

the Celebrity CAN activate ANY of these Privilege's:

Call Vote, Call Mute Member and

in no way CAN a Celebrity break a Rule in The Free Show and will also be Kicked by me, god, if they ABUSE their status.

Clause: No Member will EVER be god Rank in The Free Show, except me, Kyle Lance Proudfoot.

"Need I say more??" says Mr. Newbie, Rules Lawyer.

"Yes, actually the point is to keep it FUN until someone gets shot in the back of the head." says Silber, Psionic Warlock. - Suspect Line.

(B) Co-ordination:

joke: In my compilation masturbation, then it is my cweation. This is a necessary special Privilege just in case so many Members

log on at the same time and try to blow my Computer's bandwidth away...

"Let's do coad!" says Mr. Newbie, Rules Lawyer.

I, Kyle Lance Proudfoot, god am ALWAYS logged on to The Free Show and am the ONLY Member who CAN

Co-ordinate and/or Announce anything in The Free Show; I, god, am the ONLY Co-Ordinator and/or Announcer in The Free Show.

Co-ordination is primarily deciding who's turn it is in the Background and Foreground and Kicking and Banning troublesome dumbshits...

Yes, I have 3D Multilayer digital sound. Resolving Member Conflicts is important too.

(C) god's Authority:

I, me, Kyle Lance Proudfoot, am god of The Free Show.

I CAN do anything I want in The Free Show whenever I want to:

Anything : Whenever = ALL activation's : FOREVER = ANY activation : ALWAYS.

I, me, Kyle Proudfoot, god have absolute power in The Free Show.

I, me, Kyle Proudfoot, god am the creator, owner, star and law of The Free Show until the very second I die for real.

I, me, Kyle Proudfoot, god will NOT tolerate the invasion of my Free Show by unwanted hackers!!

You are a hacker if you continue to Disobey even after being Terminated or trying to log back on with a Character Class which

has been Banned, Banned Forever, and/or Terminated at a max of 4 logon attempts which ALL Fail.

A hacker is NOT a Member of The Free Show and is similar to many of the disturbing individuals who try to wreck 3D-Environments.

I, me, Kyle Proudfoot, god reserve the right to do anything with The Free Show at ANY time for ANY reason.

"Get an f'in perm, eh!" says Mr. Newbie, Rules Lawyer.

(D) Member Removal's:

Only a Major or up CAN totally freak any lower Rank Member out.

So, Member Removals happens with disturbing Members including extreme negativity coming from some Member,

except me, I, god, Kyle Lance Proudfoot.

What I say & do as a creative quacky Artist is totally relative and could be in defense of truth, justice and the right way.

\*See (36) Open Warfare Rules in fuckinreadme.pdf\*

"Don't trust me, I'm a mutant god." says Silver, High Wizard.

"Fear the mutant generation." says Revlis, Vampire Demon.

"Poetry ad infinitum, Defens ad absurdum." says Silber, Psionic Warlock.

"CHILLL!!!" says MAZZSilber, Mutant Shadow Warrior.

(E) TERMINATION:

TERMINATION is Terminate Member and/or Session and/or The Free Show.

Only I, me, god, Kyle Proudfoot CAN Terminate a Member and/or Session and/or The Free Show.

I also leave me a last resort function: Permanent Terminate.

Permanent Terminate allows ONLY Kyle Lance Proudfoot, god, to completely lock and/or destroy ALL the Member Data, Personal Info and

ALL Traces a Member left, destroying and locking the Member out for the rest of his/her real life time,

thus effectively locking and destroying the entire Profile of the extremely disturbing Member.

WARNING: Don't harass the admin!

I Terminate a Session at NEVER more than 48 hours and this is usually done because of

serious disturbances.

A Session is in an Area.

I CAN End a Session too, which is usually followed by a New Session simply by stating, "End Session." then "New Session."

The most standard way I do this is "End Session! Start New Session! I'm now leaving the Area! I CAN't help what get's ripped next!"

"Thank GOD for Science." says Silver, High Wizard.

"GOD, always looking down at us, all ways." says Silver, High Wizard.

joke: Your IQ is about -20 right now!

joke: I always attack second.

(F) Play Joke's:

Any Member CAN play a joke which is in the formats .mp3 for 3D Multilayer digital sound files, if .mp4 comes than it is .mp4.

For 3D Multilayer digital Visual Jokes it is any Visual file format.

The Free Show has very few Visual Jokes. For Text Jokes it is .doc at 2000 version and up.

All jokes are played through streaming media or download. All jokes which I have already Busted Up for The Free Show are FREE!!

joke: No, I'm a Film Junkie...

I have very many jokes and other Multimedia files which are for sale when I have the right to sell them in The Netherlands,

Europe which CAN ONLY be sold by me, Kyle Lance Proudfoot, EVER.

The sales of these jokes and other Multimedia files go to ONLY me, Kyle Lance Proudfoot, per per progressive & retroactive.

If necessary, I will use my very real dyslectic lawyer to prosecute & defend.

"Hack reality." says Lance, IT Programmer.

(G) Automatic Computer Action's:

"I personally love AT('s) -lal, and wish they never went away..."

my Computer will automatically trigger any of the Rules in this fuckinreadme.pdf and fuckinreadmell.pdf which have the word's:

'auto', 'automatic', 'automatically', automated, automatized, automatised, automanual, automatics in them; \*-\* are NOT tolerated with \*auto\* variations.

The object's and/or value's and/or description's of EACH Rule are the parameters. ALL word combination's is the code.

EACH word combination in The Free Show is a function; a signifiCANT operational function is 1 sentence as constituted by the grammatical rules of the English language

according to the Webster Dictionary's and Harper-Collins Dictionary's and Oxford Dictionary's and according to the Rules in the fuckinreadme.pdf's.

In fact, my Computer reads fuckinreadme.pdf and fuckinreadmell.pdf and fuckinreadmeIII.pdf as an InterActive™ script.

In many ways the fuckinreadme.pdf's CAN be seen as an Universal Language Scheme.

Only I CAN turn my Computer OFF. Only I CAN turn my Computer ON.

joke: There are more loopholes in the law than a dyslectic lawyer.

joke: My dyslexic lawyer CAN read it!

joke: I am definitely bipolar!

"It's like reading myself, man!" says Silver, High Wizard.

"By this time I don't need to write your password down, either..." says Revlis, Vampire Demon.

"Thus, read the fuckinreadme..." says Silver, High Wizard.

(H) Write Joke:

(a) ONLY I, Kyle Lance Proudfoot, me, god CAN write a Joke in The Free Show.

(b) ONLY I, Kyle Lance Proudfoot, me, god CAN write a joke into the Computer of The Free Show.

(c) ONLY I, Kyle Lance Proudfoot, me, god CAN write a Joke out of a and/or b.

(I) Change Rule:

ONLY I, Kyle Lance Proudfoot, me, god CAN Change and/or Reduce and/or Increase a Rule in The Free Show,

in the fuckinreadme.pdf and/or the fuckinreadmell.pdf and fuckinreadme III.pdf: I CAN do this at ANY time for ANY reason.

No decompiling, reverse engineering and/or ripping of the Rules in the fuckinreadme.pdf's in The Free Show is EVER tolerated,

as protected by my Birth Right and Death's Right and Author's Right stated in the articles in the law of a Country.

I CAN NOT , nor ANY Member, Reverse a Rule and/or Order and/or Mission Ordered stated by me, god, Kyle Lance Proudfoot;

if a Mission is determined to be exceedingly negative, stupid, ridiculous, unnecessary, then it has NOT been Ordered yet.

"Get it, nothing's reversed, already!" says Silber, Psionic Warlock.

"I'm tryin' to grow mo hair, NOT lose it..." says Silver, High Wizard.

(J) Irritate Me (LOL):

ONLY a 2-Star General or up and a Celebrity are allowed to Irritate Me.

This special Privilege exists for creative tension because I have seen that it is funny but NOT too much or you'll regret it:

This will Ban you automatically in 20 seconds.

(K) Friend's & Families:

If you are a Friend & Family of me as defined in fuckinreadme.pdf then I prefer if you just go to [www.silverlingo.com](http://www.silverlingo.com) .

However, you CAN log on for the first time in Silent Mode ONLY and automatically get the Rank Captain...

You have to suffer my presence anyway...

joke: That includes MTHead!

(L) Neighbours:

If you are a Neighbour, a Member, you are restricted by the same Rules which disallow Friends & Family from participation

in The Free Show; this applies within 2 Homes in ANY direction relative to yourself.

REMEMBER: Don't forget the difference between Private, Public or Secret, either.

"Try hitting the Open Air already, 'suffe' Noobie..." says Revlis, Vampire Demon.

"Dear neighbour, you are presently engaged in illegal activity... Bye..." says Mr. Newbie, Rules Lawyer.

"We really don't want it gettin 'Mickey Mouse' 'round here." says Silver, High Wizard.

"DO NOT talk out loud through the floor, wall's and/or ceiling to me!" says Kyle Lance Proudfoot, god of The Free Show.

"It is really NOT love thy neighbour, there in fact is no Christian left in the country who even practices this one..." says Silber, Psionic Warlock.

"The point is to use Nodal Point's or Nodal Spheres in the Open Air and not interfere, resonate, disturb and/or rip Voices and/or Sound Effect Samples into anyone's home." says Mr. Newbie, Rules Lawyer.

On the other hand, you are liberated by the same Friends & Family Rules, too.

In addition to the Neighbour Rule, due to the unique nature of The Free Show, a Noobie is NOT permitted to

come anywhere near me, god, Kyle Lance Proudfoot when I am at my Home: ANY other action by a Noobie

will be considered an act of terrorism.

Home = my Home = my Home Area = my Base Area = my Base = Short Range.

\*See (17) Area's (A) Range +1ML Short: in fuckinreadmell.pdf\*

P.S. my Computer is NOT my Computer Box, no kidding.

"Anyway, you're so knockin' on the wrong fuckin' door, you f'in Noobie." says Silber, Psionic Warlock.

"You wanna keep knockin' on my door, it's a hell portal alright!" says Revlis, Vampire Demon.

(22) Bonus Prize's:

These are small prizes you win like something to hang on your rear view mirror. You CAN win them when you guess correctly something unsaid,

which I could be thinking or planning to do, or a sic-quark in the program that happened at some folder 10 minutes ago or

an insight into an underlying meaning of something said by a Member in a Session in The Free Show.

No more than 1 Trinket per Day is ever given away and often none are.

You get the Bonus Prize by pressing the Bonus Prize button, filling the form in, sending it to me and when

you ever get it through snail mail. You CAN also get a Bonus Prize by seeing and/or hearing what was missed by

the other tunnel-vision myopic moles.

It is then sent via snail-mail to you, automatically. If I don't have your address in your Member Data and/or Personal Info then

don't expect your Bonus Prize EVER to arrive.

A Member wins a Bonus Prize when I, Kyle Proudfoot, state that he or she wins a Bonus Prize and then I describe what the cute little Trinket is.

A Trinket has no monetary value: What the Trinket of the Day is has no monetary valuta value of a Country and is a promotional Goodie ONLY and

is said at some point in a Sessioin of The Free Show: You get the Spoken Message, "...Trinket of the Day is..." or "The Bonus Prized is..." says my Computer.

joke: People who put their full personal info in their email...

(23) Betting:

(A) Betting is one of ONLY 2 Rules which are Virtual in The Free Show.

All forms of Virtual Betting are supported by The Free Show!! I, god, even Bet sometimes too!!

I, god, NEVER Bet more than €10 on any 1 Bet. Smirk.

ANY Member except a Private, and 'sukkel' Noobie, CAN Bet!

ANY Member except a Private and Private 1st-Class CAN Bet ANY amount of Tooney Euro's!

A Private 1st-Class CAN Bet a max of €100.

"Low-life do you know how much €100 is?" says Tricky Twee.

"Don't lose your Tooney Euro's..." says Revlis, meanin it's very uncertain.

€ in fuckinreadme.pdf and fuckinreadmell.pdf and fuckinreadmelll.pdf = Tooney Euro's.

Tooney Euro does NOT equal real euro. Tooney Euro's are used & abused in The Free Show!

No real euro's are ever used in Betting in The Free Show!!

To Start Betting say "I Start Betting!". To Stop Betting say "I Stop Betting!".

A correct Bet is placed by a Member who states, "I Bet...". A Celebrity CAN state a Bet in other ways if it is NOT a command imperative.

Your Bet's are placed with your Voice's and via forms in a Session of The Free Show.

Bet's are ONLY 3D-Multilayer digital sound based and NOT Visual; if you want Visual Betting then go to a slot-machine.

The Odds are 2:1, 3:1, 5:1, 7:1, 9:1, 10:1.

(B) The Odds:

(a) 2:1 :

These Bets are events in The Free Show that are somewhat probable at 10% chance of happening.

Example: A Member will follow that line of actions at a min of 4 consecutive actions.

This is done by pressing the Place Bet button, filling in the form and sending it

to my Computer at which point my Computer automatically activates a Tracer on the Member you are Betting on and if

the result matches the Tracer entry then you win!

The Timing of the Bet is chosen by the Betting Member.

Clause: If I have done something already in a Session you CAN NOT bet on it.

Clause: If I must follow a course of action because of the SIC limitations of the program then you CAN NOT Bet on it.

joke: Screw You!! No, oh, no screw you, oh, yes! Ohhhhhh... Yes! Yes! Yes!

(b) 3:1 :

Guess something unpredictable correctly that will happen at some point in the near-future in a Session of The Free Show.

The chance of winning this one is 1%.

"So, I was bored..."

"Well, I AM looking for other telepathics..."

This one is done like (A) and will read Events with the Tracer on the Member you are Betting on at your specified Timing.

Clause: (13) Betting (b) 3:1 CAN NOT be anything I do and/or think and/or say and/or or write and/or discuss in a Session in The Free Show nor

3D Multilayer digital sound's and/or Visual Effect file's and CAN NOT be Voice's and/or Sound Effect Sample's and/or Visual Effect's.

(c) 5:1 :

"Christ, you must be a prophet!"

The chance of winning this one is .01%.

It is guessing correctly a consecutive event at 10 consecutive actions. This one does you like (A).

Clause: Don't forget any other Clauses.

Clause: This CAN NOT be something Personal about me or any other Member, which anyone could figure out.

Clause: Friend & Family Members CAN Bet!

(d) 7:1 :

"Everyone has to get lucky at some point."

The chance of Winning this is .001%. This is a Bet agreed upon by 4+ Majors and up. It works like on the handle bar (A).

(e) 9:1 :

"WTF are you on!!?"

joke: WTF are you on and CAN I have some too?

The chance of you ever Winning this is .0001%.

joke: CHARGE!! But NOT with the credit card honey.

You guess correctly something that will happen 1 year min in the future of The Free Show or to a Member of The Free Show.

Now, NOT even I, god, know this one. This catapults you into the 6th dimension like (A).

(f) 10:1 :

"Yup, you are almost a god or goddess."

The chance of Winning this one is .00001%.

ONLY, I, Kyle Proudfoot CAN choose a 10:1 Bet for some Member to risk his Euro's on.

This could be something I thought up after smoking one... This CAN only be something I think up.

"KRDUH." says MAZZSilber, Mutant Shadow Warrior.

(g) at a min of 7:1:

A Min Max Bet is at a min of 7:1 and is a combinatio of min max variables in a specified scenario;

at a point in the future the Betting Leader says the correct answer: ONLY the correct combination Wins.

(h) Topic Association:

These are Bet's relevant to the Topic Of Discussion and in Society and follow the Rules from (13) (a) to (g).

(i) Will I Get A Job:

Will me, god, Kyle Lance Proudfoot get a job, keep a job and/or lose a job at 7:1.

"...Start Betting!" says Revlis, Vampire Demon.

(C) Winnings:

You CAN cash in your euro's for Powers: Buy Rank Progression, Foreground and/or Background, bandwidth at max,

Multiple Nicks Simultaneously, Temporary Celebrity Status, Call Vote, Chaos Effect, Wildfire Effect, Huge Bomb Effect, No Ban Forever,

Loophole Effect, I Am Invincible Effect, Call Mute Member, Loophole Effect, bandwidth at max, Multiple Nicks Simultaneously,

Acceleration Effect, Shock Effect, RIP, Kill, Die, Annihilate, Mutilate, Dismember, Hit, Smash, Shoot, Uhhhh..., Cascade Effect, bot Mode,

The Temporary and Permanent Powers are automatically activated by you when you press the activate Power button and fill the form in and

send it to my Computer.

In a Session of The Free Show you CAN use any of your Power's as many times as you have payed for.

Through the usage of your Voice's and/or Sound Effect Sample's and/or Visual Effect's your Power's are realized.

When there is a fully functional interface made then forms will be removed from The Free Show.

In the mean time the Powers function automatically in real time through the usage of your

Voice's and/or Sound Effect Sample and/or Visual Effect's, internationally.

You, a Member, get the Power to activate these Power's described later in Powers on a Temporary or Permanent basis and you CAN NOT be

Kicked, Banned, Banned Forever, and/or Terminated for activating a Power, except you CAN still be Permanent Terminated.

"Otherwise the menu is too fast..." says Revlis, Vampire Demon.

(D) Deficit:

"hehehehehehehehehehehe..." says MAZZSilber, Mutant Shadow Warrior.

"Unt! You 'R' Mine!" says Silber, Psionic Warlock.

"You addicted fanatical out-of-control Betting slave..." says Mr. Newbie, Rules Lawyer.

I, now, automatically Terminate you if your Deficit reaches -2000000 Euro's.

This is like getting Kicked, Banned, Banned Forever and Terminated, ALL in one morning... Saying "F-Me!" won't help you.

This means all of your Member Data and Personal Info is PermanentLY marked and locked with no reverse ever possible.

"OW, That has got to hurt!" says Revlis, Vampire Demon.

joke: I said NOT whackier; if you say my undercover is on fire, I'll probably believe you."

This means you will NOT be able to log on to The Free Show for the rest of your life; 'till you Move Your Residence.

Move Your Residence = Change Your Base Area = Your Home.

Residence = Base Area = Home.

joke: God is always paranoid.

joke: Well, I have terminal left rib CANcer and decided to do something before I die.

"Otherwise, happily Bet away you campers!" says MAZZSilber, Mutant Shadow Warrior.

Clause: I, god, me, Kyle Lance Proudfoot have no Deficit, ever, in The Free Show.

"Screw 'em all!" says Revlis, Vampire Demon.

Hacker is covered elsewhere in this fuckinreadme.pdf and fuckinreadmell.pdf and in real life, so what are you goin to do about it?

(E) Bet Placement's:

"I also like to say, 'Start Throwing Up!'"

A Member Bets at a min of €10 per Bet at a min of 2 Beters.

A Bet of a Member CAN be Covered By aNOther Member or automatically by The House.

Covered By ALWAYS results in null.

You press the red button which is called Place Bet and fill the form in and send it to my Computer.

my Computer and in accordance with transplanar interdimensional rapid calculations according to the Tracers of 20(A) to 20(F)

it horribly crashes my Computer.

A Correct Bet is following the Bet Trend. A Wrong Bet is NOT following the Bet Trend.

The Bet Trend is recommended to Choose your own Bets.

The Bet Trend CAN by anything already existing in reality for The Free Show InterActs freely between the two.

joke: I discovered my refresh button for the very first time last night.

joke: I'm a talented newbie; I pressed all the buttons on my keyboard!

(25) Repeat's:

If I have other things to do, yes, I do have a life, then I state at any time it will be previous Jokes from a Session of The Free Show repeated,

"Do Repeats!"

Standard Joke cycles will also be a fine addition to this super SilverServers. Also nice is a Major or up saying, "Repeat!" after a fine Voice and/or

Sound Effect Sample and/or Visual Effect. This Repeats the Voice's and/or Sound Effect Sample's and/or Visual Effect and marks the recording as

playable on radio plus any other plima 3D Multilayer digital sound medium.

"Should be good for a blast!" says Kyle.

It is ALWAYS acceptable in a Session of The Free Show to introduce your Character Class with your

Nick and NEVER acceptable to Repeat it excessively for name recognition purposes;

A Member gets Kicked automatically for EVERY Repeat in a Session of The Free Show in addition to the 20 Nick Repeat's you already made.

A Member gets Kicked automatically for EVERY Repeat in a Session of The Free Show in addition to the first 40 Repeat's of ANY Voice's and/or

Sound Effect Sample's and/or Visual Effect's, except for me, god and my Computer and GOD;

If you paid with Tooney Euro's for a quantity of time for Power's then the Power's you, a Member, activated will first end.

On the other hand, a creative Repeat in new Days and in new Session's for creative purposes

NOT conflicting with ANY Rule of The Free Show is acceptable.

"Oh welll, Evil won again..." says Revlis, Vampire Demon.

(26) Non-Profit Commercial's:

Non-Profit promotions are fully supported. The Free Show does NOT do Infomercials. The Free Show is 100% for a 24 hour 7 day

(27) Voice's:

joke: Voice's are "surrounded 'pfff hahaha..." digital 3D Multilayer sound in quotes, "Voice Effect's".

If you make one that is too irritating then 4+ Majors and up CAN Call Mute Member.

I simplified 3D MultiLayer sounds into Foreground and Background in The Free Show however there are

a near-infinite number of Members who CAN be in either one.

Pumping Volume Levels is NOT tolerated; only I CAN do this. Echo is NOT tolerated in The Free Show.

"I CAN blow away any sound system." says Revlis, Vampire Demon.

This means you so rip a lover Rank Member. The lover Rank Member must of course have a shared folder, NOT.

This does NOT allow you to rip, sic, their Personal Info. How do I do this?

my Computer sCANS for updates on your computer and then the computer of your Victim and if the updates are NOT sufficient enough relative to my

SuperServer = my Computer (which I also ripppped) than a folder on your Victim's computer is automatically made a share!! You rip it.

(KK) Pay Me Off Already:

This is ONLY Temporary.

"I am sufficiently paid off, sir!" says Silver, High Wizard.

"You CAN see the Noobies comin' from a mile away!"

This CAN certainly work well with Missions too, considering Mercenaries.

You CAN, snick, Pay Off a Noobie at a min of 1000000 Tooney Euro after you are certain ANY other Member is a Noobie.

Do enjoy the advantages of Higher Rank... A Major or up CAN Pay Off any Member

at a min amount of 10000000 Euro's for any reason, except reasons which conflict with a Rule.

(LL) Black Box Effect:

This is ONLY Temporary.

If a Member knows for certain ANY other Member is online then a Member CAN rip EVERY file in aNOther Member's Shared Folders without

the other Member knowing it, thus without nullifying a single one of the other Member's File's;

if the other Member finds out about it later, it's, really, your problem.

This costs you 6000000 Tooney Euro's per activation.

(MM) Hete Patat:

This is ONLY Temporary.

Loudly during the Afternoon ONLY say "Hut!" and then a blastin' linear movin' Sound Effect Sample; where it hits,

the Member in most proximity (X,Y,Z), now has the 'Hete Patat'! Yes, this is a variation of the 'Hot Potato' game,

which is FUN and great for Kids! Multiple is possible!!

The 'Hete Patat' has already been goin' round the World for uhhhhhhh... since 18082004.

A reason NOT to hold onto the 'Hete Patat' is:

This costs you 700000 Tooney Euro's per 'Hut!'. Pay for the Hit too! You, of course, do NOT necessarily need to have

the 'Hete Patat' to do this Power.

The Hit 'Hete Patat' has been goin' round for uhhhh... since 02122004.

There are no double-give-me-back's-reversible's allowed; the Member who Hit 'Hete Patat' CAN NOT be Hit 'Hete Patat' in the same Day and Session by

the same 'Hete Patat'.

"There is the original 'Patat' still floating somewhere out there sent by the first original Belgium!" says Kyle.

"Why are there so many Fila's from Belgium to The Netherlands? For the 'Patat'." says Kyle.

The Netherlands has very many Belgium and Patat Jokes, these are just two of my favorite and are not original.

It will cost you aNOTher 70000 Tooney Euro's per 10 Minutes if you Hold On to the 'Hete Patat!'; if aNOTher Member Blocks your Hit 'Hete Patat' then

you have to keep paying at 1 Minute ratio's. The 'Hete Patat' due to null-field absorption timesout/disactivaties to 'Cold Patat' after 7 Hours or Session,

except if the 'Hete Patat' Trans-Planar's out of the Area.

This is a great way for Kids to practice at Open Warfare and just to have plain old-fashioned F.U.N.

(NN) Timing Is Of The Essence!:

This is ONLY Temporary.

You would think this is more intuitive and more of a question how well a Member, play:

However, this is a Power, too!

"If it's algebra, too ya, then geometrize!" says Silver, High Wizard.

Line up at a max of 20 Voice's, Sound Effect Sample's and/or Visual Effect's round the Null-Point;

trigger a loud Null Boom on the absolute middle Null-Point; trigger within 10 Minutes of the Linin' Up

the Co-ordinates (X,Y,Z).

Since you don't want to do some Grandma, a heart-attack, this Power CAN ONLY be done in the Afternoon.

"Humanity is highly irresponsible!" says Chirpie Bird.

"Lekkah knallen, jongens!" says Silber, Psionic Warlock.

This costs you a highly responsible @Member or up 5000000 Tooney Euro's per activation.

(OO) Floating Chair Effect:

This is ONLY Temporary.

Freak a Member out a Voice, Sound Effect Sample and/or Visual Effect, is silly...

Mostly do this one when a Member CAN see you, thus in Public, and requires a Small fast-hand movement on your part.

"Next Harry Potter Spell!" says Silver, High Wizard.

"Next prayer bead..." says Kulamanji.

"Thank a god, dexterity is NOT part of it!" says Silber, Psionic Warlock.

If aNOther Member reacts positively to it and you see such without bein' seen then you pay half for this Power.

"So..., does one put the chair frontwards or backwards?" says MAZZSilber, Mutant Shadow Warrior.

"I would rather be at the back end, if I have to deal with all you Noobies all the time I'm gonna start throwing up near-instantaneously, simultaneously, consecutively and repetitively..." says Lance, IT Programmer.

This costs you 5000000 Tooney Euros per activation! Pay for Timing Is Of The Essence too!

(PP) Wireless Direct Remote Connection's:

This is ONLY Temporary.

Wireless Direct Remote Connection's at lying configuration settings with Black Box Effect is the ONLY possibility.

"GET DONE ALREADY!! Wahahahahahaha... Ya Baby Ya!" says a Faster Brownie.

This costs you the Black Box Effect plus 30000000 Tooney Euro's to stick-in some unsuspecting Member's Computer so you CAN keep tab's

on them for the rest of their natural, living, breathing existence... You the aggressor are effectively a top-secret spy/hacker

and then you CAN Black-Mail them, at unending...

(QQ) Black-Mail:

This is ONLY Temporary.

You great evil plan for world domination is goin' damn fine 'n you figure with your cigar in your jacuzzi that she just isn't gettin'

the clear f'in message fast and/or clear enough, puff... so you activate your Mobile Device, type in Black Box Effect on da Bitch,

press the Wireless Direct Remote Connection's button, 'n send your evil MMS ultimatum to her... at which point she is forced to comply to

ALL your 6 Command's or get her Character Class horribly Demoted by +1 Rank EACH Week 'till she Obey's... yessss, oh yess!

This costs you a ridiculous 50000000 Tooney Euro's plus OO and PP per activation, but is worth it, and is ONLY available for General's and up.

(RR) X-tra Visual Effect's:

This is ONLY Permanent.

Since Sound/Visual Communication is so important in The Free Show this one let's you activate a Visual Effect in ANY Area

Your Visual Effect's CAN be ripped up in space, too! Thus, try to activate your Visual Effect's in Open Air ONLY and NOT a passing automobile

causing horrible deatch accidents, like you know who... Once your Sound Effect Sample's are paid for, activation of them is FREE.

"Don't fuck with my R&R!!" says Revlis, Vampire Demon.

This cost's you €1000000 for EACH Sound Effect Sample.

It is FREE to activate EACH of your Sound Effect Sample's.

(TT) X-tra Voice's:

This is ONLY Permanent.

Your Visual Effect's CAN be ripped up in space, too! Thus, try to activate your Voice's in Open Air ONLY and NOT a passing automobile

causing horrible deatch accidents, like you know who... Once your Voice's are paid for, activation of them is FREE.

"Don't fuck with my RR!!" says Silber, Psionic Warlock.

Since Sound/Visual Communication is so important in The Free Show this one let's you activate a Voice in ANY Area

in the 3D Time/Space Continuum from the large (DD) -ditto-. Voice's is in 3D MultiLayer digital

sound.

joke: Oh, did I forget to mention that?? Read the 2pt. font.

joke: Grandpa is online again with his magnifying glass.

Only €20000 for a Temporary.

joke: Buy a brand new Voice, with your brand-new face-job!

"It's all real, except the Tooney Euro's in The Free Show." says Silver, High Wizard.

This cost's you €500000 for EACH Voice.

It is FREE to activate EACH of your Voice's.

(UU) Do Granny Or Grandpa:

This is ONLY Temporary.

This is one for the senior citizens who enjoy The Free Show.

Do a senior citizen today my creating Noise in Grannies head-phones and/or stereo, from mildly irritating to obnoxious Radio disturbance sounds,

to get 'em back for the 24/7 Classical Music in my ear.

This costs you 10000000 Tooney Euro's per activation per Day and Session on a Granny; if you make her call the repair-man, pay half!

This costs you 20000000 Tooney Euro's per activation per Day and Session on a Grandpa; if you make him call the repair-man, pay half!

"Because nothing CAN be done about listening in on someone!" says Silver, High Wizard.

"Through the usage of Bwootooth technology, wireless devices, telepathy and/or telekinesis interference and resonation through amplification can be used to project Voices, Sound Effect Samples and even Visual Effect's. This is already proven by Science through Radio's. The only difference are the transmitters and receivers." says Silber, Psionic Warlock.

"Where, therefore, is my microphone and headset?" says Mr. Newbie, Rules Lawyer.

"Whereas audo spying is tolerated, visual spying is NEVER tolerated, you will get the fuck out and stay the fuck out or suffer the goddamn consequence you stupid fucking' mortal human." says Revlis, Vampire Demon.

"They do not the line from the f'in limit, anymore." says Lance, IT Programmer.

(VV) Bad Luck:

This is ONLY Temporary.

(a) Cause a line of process failures in aNOther Member's activation's, real or Virtual. Is this merely coincidence?

This costs you 60000000 Tooney Euro per 6 steps of process.

(b) Reduce the Firing Accuracy of aNOther Member's Gun by 10% to 50%; my Computer somehow replaces the script in-game...

This costs you 100000000 Toonery Euro's per 10% per Battle Session.

REMEMBER: Power's affect Virtual quantities & qualities of Character Class Profile's and NEVER affect real quantities & qualities of

your Member Profile.

REMEMBER: A Power CAN still NOT nullify aNOther Rule in the fuckinreadme.pdf's, except where specified.

(WW) Movin' Ladder:

This is ONLY Temporary.

Prove to someone Telepathy and/or Telekenisis exist.

(a) Prove Telepathy: Increase the probability of somethin happening, like predicting the correct card, simply by repeating a non-local event,

through a 3rd non-tracable party, remotely viewing using any means necessary, healing CANcer, using lame-ass excuses and lies,

by using P2P Networking, via a Member presently communicating with aNOther Member, in aNOther wonderful triangle, to no one's NOTice...

This costs you 4000000 Tooney Euro's per activation.

(b) Prove Telekenisis: Make an object move, remotely, through a 3rd non-tracable party, like proving Telepathy, by using P2P Networking,

via a Member presently communicating with aNOther Member, circumventing the NTFS file & folder permissions with Shared Folder's ONLY,

and actually making a Ladder or other object in a 3D Level being made do really weird shit.

This costs you 20000000 Tooney Euro's per activation.

(c) Prove Clairvoyance: Trace and Log aNOther Member's InterActivities™ for 100 Internet/Online Session's; if your Victim's consistency rate

is >60% then predict their next move by sending your Victim a very suspicious paranoia inducing know-it-all Message!

This cost's 10000000 Tooney Euro's per Trace and Log activation for 100 Internet/Online Session's.

\*CONGRATULATIONS! You have read ALL the Power's now.\*

(31) Starting Values:

(a) Member logon in a Session of The Free Show:

You, a Member, must logon by typing your Member's First Name and your Member's Last Name and password in the interface;

a Member must logon in 30 Seconds or the Member is Kicked, automatically.

XN Member logs on/off.

XN Member's Character Class logs on/off.

logs on/off = logon/logoff = logson/logsoff = log's on/off = log'son/log'soff.

logons/logoffs = log ons/off = logon's/logoff's.

Both logon's/logoff's are activated automatically and are the method EACH Member enters a Session of The Free Show and

exits a Session of The Free Show.

You, a Member, CAN authenticate from your originating Computer ONLY; authentication is the first time you logon with EACH Character Class,

otherwise you CAN logon afterwards from ANY Computer, like Hotmail, with your First Name and Last Name and Password ONLY;

if your originating Computer, as identifiable by it's hardware addresses,

is replaced because it is broke, then simply NOTify helpdesk@silverlingo.com with ALL your personal information and your Member Profile and

your Character Class Profiles will be reset. So, ONLY if you have no more identifiable hardware in your original originating Computer and

it is NEVER connected to Internet and/or Intranet again will you be forced to do this procedure.

(b) Starting Tooney Euro Balance:

Every human or bot that logs on to my Free Show automatically becomes a Member with €20000000 for your Starting Tooney Euro Balance, IT Programmer.

"They are sucking while we are blowing!" says Roary, Fire Dragon.

joke: Wahahahahahahahahaha, waanzin maar we hebben er zin in...

joke: So what does it feel like to be a rich screwball??

Yes, but it could be hilarious as they wonder how the hell that bot Member is doing that.

Clause: A bot is treated in exactly the same way as any other Member in The Free Show with its Character Class AI Level.

REMEMBER: Like any other Member a bot CAN NEVER be god, me, I, Kyle Lance Proudfoot; the +XML or +NML bot versions of

my Character Classes are NEVER me, god, I, Kyle Lance Proudfoot.

\*See (23) my Character Classes in fuckinreadmell.pdf\*

\*See (31) (d) Starting Tooney Euro Balance for Voice's, Sound Effect Sample's and Visual Effect's in fuckinreadmell.pdf\*

(c) FS Tech Specs is hardware info for min computer requirements. Unlike other sadistic programmer = hackers I provide you with the FS Tech Specs that allows you to potentially log on: Pentium, 133MHZ, 16mb RAM, NT4 OS, ADSL. More is recommended. Less is NOT recommended.

\*See other parts of the fuckinreadme.pdf and fuckinreadmell.pdf for other Starting Values\*

joke: Where did all those shit help files come from?

"I CAN press 1 f'em button too, you know." says Mr. Newbie, Rules Lawyer.

"Hack your brain." says Lance, IT Programmer.

"There ain't no basement full of radio equipment." says Lance, IT Programmer.

(d) Your first Character Class gets a Multimedia Starting Tooney Euro Balance for different functional parts of The Free Show:

(1) You, a Member, get 20(€500000) for the Voice's for your first Character Class.

(2) You, a Member, get 15(€1000000) for the Sound Effect Sample's for your first Character

Class.

(3) You, a Member, get 10(€2000000) for the Visual Effect's for your first Character Class.

(4) You, a Member, get your first Nick for FREE.

(5) You, a Member, CAN distribute your funds, as usual, by your own Choice, between Voice's, Sound Effect Sample's and/or Visual Effect's and

you CAN NOT use Multimedia Starting Tooney Euro Balance for a second Character Class and

you CAN NOT use Multimedia Starting Tooney Euro Balance for ANY other activation by you, a Member, or ANY of your Character Classes.

\*See (22) (C) your Character Class Spell's & Item's Starting Tooney Euro Balance in fuckinreadmeIII.pdf\*

(e) Authentication:

The Free Show agrees with and will use, in the future, the thumbprint identification password replacement procedure stated by Microsoft.

"Turn O.N. my Computer In The Wall, RUFF RUFF!" says Sir Hubby-Bubby.

"Your computer screen is always facing an open window!" says Silber, Psionic Warlock.

(32) Nicks

A Nick comes bona-fide 'gratis' with a Member's very first logon to a Session of The Free Show.

EACH Character Class a Member creates in addition to their first Character Class costs

7000000 tooney euro's which is automatically subtracted from the Starting Tooney Euro Balance of

the Member's additional Character Classes; EVERY additional Nick costs 1500000 Tooney Euro's, except

Nick's reserved by me, god, and Noobie Nick variations which cost more Tooney Euro's.

\*See Character Classes in fuckinreadmeII.pdf\*

A Celebrity Nick is automatically reserved and reserved only for that Celebrity!

Any combination of small-case and upper-case letters, numbers, at a max of 7 spaces, and special characters,

CAN create a Nick, except in combination with a Rank.

A Member CAN NOT use object names and/or value names of fuckinreadme.pdf and

fuckinreadmell.pdf and fuckinreadmell.pdf in

a Member's Nick to K.I.S.S.

You CAN NOT choose a password which is too much the same as aNOther Member's password,

thus password at a min length and at a min complexity is mandatory.

A Member CAN NOT logon with the Member's Nick:

A Member logs on with real first name and real last name and password.

"Ze is zeker verslaafd aan me..." says MAZZSilber, Mutant Shadow Warrior.

"To be him, I'll do him..." says Sir 'Hubby Bubby' Vortigern Maeve II, Spy Assassin.

(33) General Comment's:

(A)

(a) It is ALWAYS acceptable in a Session of The Free Show to introduce your Character Class with your

Nick and NEVER acceptable to Repeat it excessively for name recognition purposes;

(b) A Member gets Kicked automatically for EVERY Repeat in a Session of The Free Show in addition to the 20 Nick Repeat's you already made.

A Member gets Kicked automatically for EVERY Repeat in a Session of The Free Show in addition to the first 40 Repeat's of ANY Voice's and/or

Sound Effect Sample's and/or Visual Effect's, except for me, god and my Computer and GOD;

if you paid with Tooney Euro's for a quantity of time for Power's then the Power's you, a Member, activated will first end.

On the other hand, a creative Repeat in new Days and in new Session's for creative purposes

NOT conflicting with ANY Rule of The Free Show is acceptable.

"Undertones, I must have missed one..." says Revlis, Vampire Demon.

joke: Now I have to think so, get kinky wicked for it, ooh, so there.

REMEMBER: Ref is a god.

REMEMBER: 20 Kicks = Ban.

REMEMBER: There is NOT a single exception to ANY Rule in ALL 3 fuckinreadme.pdf's, except where an exception is stated.

(c) "Don't give that one away..." says me, god, Kyle Lance Proudfoot explicitly means I'm workin' on a Plan and is meant

for the general Public, thus Members present in a Session of The Free Show referring to somethin I just said or did in

a couple of Minutes ago... It CAN, however, get a Member +6 Brownie Points for knowin somethin about The Free Show.

Don't give that one away... = "Don't give that one away." = "Don't give that one away!" = a Secret.

joke: Long list of spam, at end of it Major Wray. Received on 28072004 thru email.

(B) Countdown's is for my Computer ONLY at 1,2,3,4...., at 1000, 2000, 3000, 4000.... and/or at "1000, 2000, 3000, 4000...", at "1,2,3,4...".

"Do the floating chair, afterwards..." says MAZZSilber, Mutant Shadow Warrior.

(C) Givin me, god, Kyle Lance Proudfoot ANY suggestions or stupid commentary in a Session of The Free Show gets a Member automatically Kicked.

If you repeat the same stupid commentary to me >5 times get turned into a Noobie, automatically.

Don't talk to me! I'm in a livin breathin human too and don't tolerate bein harassed by Noobies. In fact,

I talk to myself ALL the time. Talk to my Computer, you moron sukkel Noobie! Try f'in email!

If you thought I was talkin' to you then it was merely coincidental.

Applicable Command Statement's:

Verbal & Telepathic:

"Get Kicked for the stupid commentary!" = a Kick for stupid commentary.

"Y.o.u. are a Noobie n.o.w.!"

Textual:

Get Kicked for Stupid Commentary

"F'in stupid Noobie Nübercasters." says Roary, Fire Dragon.

"Do ya feel the G yet?" says Roary, Fire Dragon.

"Nix is O.K., alles is uitstekend!" says Roary, Fire Dragon.

"Is that all it is to ya?" says Silber, Psionic Warlock.

"Nein! Nein!! Nein!!!" says Silber, Psionic Warlock.

"Das Beter!" says Roary, Fire Dragon.

"NO to Allah forever, for obvious reasons." says Silber, Psionic Warlock.

"Oh, wat erg!" says MAZZSilber, Mutant Shadow Warrior.

"I allow for you choice, but you sure as hell don't allow for mine!" says Mr. Newbie, Rules Lawyer.

"Another way to argue it, is I have simply never been for Monotheism's" says Silver, High Wizard.

"The Shadow is just as Immortal as the Light." says Revlis, Vampire Demon.

"The argument of GOD is irrefutable, it's a Mut Point, stop Debating it all the time." says Kulamanji.

"We do not deny the top of the hierarchy, but you are trying to delete the rest of the hierarchy." says Kyle Lance Proudfoot, god of The Free Show.

"My God or Goddess is not your God or Goddess, don't forget it." says Roary, Fire Dragon.

If you, a Member, say "Nee Silber" excessively Repeatedly, Silber bein a yes person, then you, a Member, are a Noobie, automatically.

"Y.o.u are a Noobie n.o.w. for saying 'Nee Silber!'" says Silber, Psionic Warlock.

TIP: Before you know it, you'll be a 'kanker' Noobie, too...

Hyper SOB Reactionaries are NEVER tolerated! If a Member reacts to ANY statement within .5 seconds then

the Member is Kicked automatically.

"Do you ever have F.U.N.?" says Silber, Psionic Warlock.

"Don't react hyper sob to 1 mouse movement, either!" says Mr. Newbie, Rules Lawyer.

"It's still fun to get them goin' on left and right hand and arm positions..." says Kyle Lance Proudfoot, god of The Free Show.

(D) Our Scapegoat = ANY Man or Woman who gives an AA'er a beer at 9%.

There is no collective, however there is most certainly a 'we'.

"Revlis will now be absent for the moment..." says Revlis, Vampire Demon.

"Do you even know fun or funny anymore, or is it all just bloody serious?" says Silver, High Wizard.

"The world is my playground." says Sir Hubby Bubby, Spy Assassin.

(F) TIP's: Tip's are useful.

Tip: If it is goin well in a Session of The Free Show then keep it to Kicks ONLY.

"No, just get breathin' thru your mouth!" says Lance, IT Programmer.

"No, since 2PM this is most certainly NOT the correct time,

and I don't fuckin' appreciate it!" says Lance, IT Programmer.

If I, god, Kyle Lance Proudfoot, or ANY of my Nicks are playing 3D games online do NOT talk to me, otherwise get Kicked automatically.

REMEMBER: There is no f'in microphone, know it was hidden, it's a screw in the wall... [(:-(:]

REMEMBER: Don't think, you're rippin somethin already on Internet...

"You forgot to keep mmming..." says Silver, High Wizard.

(G) ANY Member who uses low-wave, brain-synthesizers or other such damaging shit Sound waves and/or

has a Voice which is 'Kanker Molukker' is automatically a Noobie and Banned and this is Ordered automatically;

If the Member breaking EVERY conceivable law in the Country comes back then the Member is Terminated.

TIP: Go look up for once in your fuckin life idiot a single fuckin law of the Country already, such as P.S. my middle name moron!

TIP: Go Vibe with the Noobie's...

"Reason?? You already know low-wave plus such is already illegal in most civilized Countries, moron!" says Silber, Psionic Warlock.

"You couldn't fuck me even if you made a pay-off of \$1 million, to do it!" says Mr. Newbie, Rules Lawyer.

It is recommended to direct outwards in the Open Air, except in Open Warfare.

(H) Rank is EVERYTHING.

(I) Shared & Secret Folder's with Hidden & Read-Only & NTFS Permissions is possible in The Free Show.

(a) Folder's Of Choice chosen by the Member CAN be Shared by the Member for other Member's and NOT in Open Warfare and/or Betting;

if you Share at a min of 1 Share Folder then the Share Powers CAN be activated on you.

joke: A Noobie copied the fuckinreadme.pdf's into his or her Shared Folder!

"CAN you follow a line?" says my Computer.

"Which line?" says my Computer.

"If you have a line don't forget a line." says Silber, Psionic Warlock.

(b) Folder's Of Choice chosen by the Member CAN be made Secret by the Member and CAN NEVER be Shared;

you CAN make Secret at a min of 1 Secret Folder and have fun testing encryption & decryption, too...

I, god, Kyle Lance Proudfoot consider this an excellent application of NTFS Permissions and/or FAT32 Folder Shares.

(J) Count = counter used to keep Running Total's in Table's.

Mutant = ANY Member who uses telepathy in The Free Show and/or a +Spell and/or a +Magic Item and/or a -Technological Item Count.

(L) Don't Remind me, god, Kyle Lance Proudfoot of anything in the fuckinreadme.pdf's or what I'm doing at a moment or my life by

(M) NEVER Rev' my Computer or my Computer Box; get Banned automatically.

Revvin' my Computer or Revvin' my Computer Box = purposely generating mem-surges and/or mem-peaks, is NOT lag,

(P) 2nd Secondary Purpose of The Free Show: Relax.

(Q) The Free Show through the InterAction™ of different Members is effectively ALWAYS Live, including

Voice's, Sound Effect Sample's, Visual Effect's, Open Warfare, Betting, Powers and the other activations in

fuckinreadme.pdf and fuckinreadmell.pdf and fuckinreadmelll.pdf . By equal reason, The Free

Show is ALWAYS on Internet.
